WHO WE ARE

KIND HOMES is an extended service offered to our clients at KIND Kitchens, a design and renovation company specialising in delivering high-quality joinery services.

At KIND, we are passionate about crafting spaces that do not just look beautiful but feel deeply personal and tailored to your lifestyle. We are here to create more than just houses – we are here to design your kind of home that tells your story.

With a focus on design, aesthetics, and individuality, our Melbourne-based design team brings bespoke cabinetry and interior expertise to deliver spaces that harmonise function and style.

KIND is built on years of knowledge, a passion for precision and on a mission to understand how people live to create functional joinery design.

Our interiors are about tomorrow's needs, not today's trends.

KIND **HOMES** interior designers will guide you in the selections of the right-furniture, rugs, flooring, and lighting from leading Melbourne suppliers and our **KIND HOMES Collection** to help you complete your renovation: where thoughtfully designed joinery from KIND kitchens alongside carefully chosen furnishing, makes your home feel simply right.

CREATING THE FOCUS ON OUR CUSTOMER'S EXPERIENCE FROM JOINERY TO A COMPLETED HOME.

VALUES

KIND **HOMES** is an extension of our KIND Kitchens values of intelligent, precise, genuine and forward-thinking interiors.

A completion layer which brings:

1

Clarity

KIND **HOMES** removes the overwhelm of furnishing a home by simplifying the decision-making process. Eliminating choice fatigue, unnecessary furniture noise, and the endless search for pieces that truly work together.

2

Cohesion

We believe furniture and joinery should belong together both visually and functionally, creating interiors that feel seamless, balanced, and intentionally connected from room to room.

3

Confidence

Rather than navigating countless options alone, you are guided through curated, design-led selections that bring confidence and certainty to every decision.

4

Completion

KIND **HOMES** ensures a project feels fully resolved. Transforming a renovated space into a finished home that is ready to be lived in, enjoyed, and experienced in its entirety.
